Homelonliness + Communication

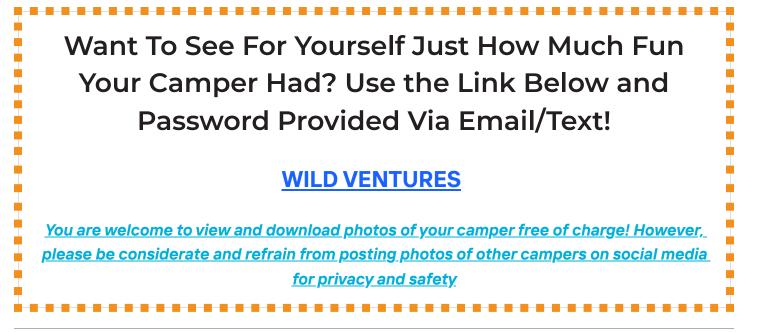

Homesickness is a common feeling among campers, and for most, it passes with time. Here are some ways to help you and your camper be prepared!

** Leave a letter with one of our Team Leaders during Drop Off **

** Email your camper at info@camptamarack.ca, and make sure to include their name in the Subject Line **

** We understand that contacting home may be part of managing homesickness. If a child wishes to call home, they can use the camp's landline or a staff member's cellphone **
